## SUMMARY

As a passionate Frontend Developer, I bring a solid foundation in HTML, CSS, JavaScript and ReactJS, coupled with a keen eye for pixel-perfect design and user experience. With 2+ years of experience in creating and implementing responsive design web applications, I have a proven track record of maintaining code, troubleshooting software issues, and improving usability. I am eager to apply my problem-solving skills and commitment to quality to a dynamic team.

## EXPERIENCE

### Junior Front-End Developer

#### Olastig Technologies

2023 - 2024 Ilorin, Nigeria

- Developed responsive user interfaces for web applications using HTML, CSS, and JavaScript.
- Implemented interactive features and animations to enhance the user experience.
- Collaborated with designers and back-end developers to integrate front-end components into the overall application architecture.
- Optimized website performance resulting in a 20% reduction in page load time.

### Network Administrator Intern

#### Lapariah Wireless Technologies LTD

2015 - 2017 Ilorin, Nigeria

- Troubleshoot, supported, configured, and maintained PC hardware, printers, and PC peripherals.
- Ensured that the LAN is operational and available to users at all times not including maintenance period.
- Created and maintained documentation relating to network configurations, network diagrams, LAN hardware and version records.
- Trained clients in the use of system software, system security, and virus prevention.

## EDUCATION

### Bachelor of Science in Computer Science

#### Federal University Lokoja

2017 - 2023 Lokoja, Nigeria

### National Diploma in Computer Science

#### Kwara State Polytechnic

2013 - 2015 Ilorin, Nigeria

## STRENGTHS

### Problem Solving

Developed innovative solutions resulting in improved system performance by 30%.

### Collaboration

Worked closely with cross-functional teams to deliver complex projects on time and within budget.

### Adaptability

Successfully adapted to changing project requirements, ensuring seamless integration of new functionalities.

## SKILLS

- Proficiency in HTML, CSS, and JavaScript.

- Experience with front-end development tools and frameworks like React.js.

- Understanding of responsive design principles and cross-browser compatibility issues, and ability to translate design mockups into working web applications.

## PROJECTS

### Food Delivery App

Developed a MERN Stack Food Delivery App using React JS, Node.js, Express and MongoDB. That allows user to create an account, login, add food items to cart and place order.

### Personal React Portfolio Website

Built a fully Responsive Personal Portfolio website using React icons library, useState Hooks, Framer Motion to add animation effects, Direct form submission using EmailJS and multiple contact options.

## CERTIFICATION

- An Introduction to Javascript.
- Web Development Certification.
- CCTV Installation and Maintenance.
